| _ga                    | 2 Jahre    |   | This cookie name is associated with Google Universal Analytics - which is a significant update to Google's more commonly used analytics service. This cookie is used to distinguish unique users by assigning a randomly generated number as a client identifier. It is included in each page request in a site and used to calculate visitor, session and campaign data for the sites analytics reports. By default it is set to expire after 2 years, although this is customisable by website owners. |
| _gat                   | 10 Minute  |   | This cookie name is associated with Google Universal Analytics, according to documentation it is used to throttle the request rate - limiting the collection of data on high traffic sites. It expires after 10 minutes.<br><del>The main purpose of this cookie is: Performance</del>   |
| _gid                   | 24 Stunden |   | This cookie name is associated with Google Universal Analytics.
